

Memorandum

Date: May 1, 2014
To: Camper's Holiday Residents
From: Norman States, President
Re: **Hurricane Season**
.....

June 1 to November 30 is designated as hurricane season. Although they have not made any predictions for this season, we want to be prepared. We were informed in 2011 by Hernando County Emergency Management that there are no buildings in Camper's Holiday that are suitable to evacuate to if an emergency arises. Therefore, none of our buildings will be open as a storm shelter during a major storm.

Now is the time for you to make plans in case we are called upon to evacuate. If a hurricane is tracking towards Hernando County, Emergency Management will issue an evacuation of all mobile homes. Evacuation can be to a hotel/motel, to friends or relatives who live in a sound structure, or to one of the designated public shelters. Our designated shelter is the Morton Elementary School shown on the map as shelter number 5. Individuals with special needs can pre-register with Emergency Management at 352-754-4083, or complete the form located on the following web site:

www.hernandosheriff.org/em/publications/PDF/SpNeedsapplication.pdf

Please complete the Camper's Holiday Hurricane Emergency Information Form for 2014 and return it to the gatehouse.

Emergency information for evacuation and warning:

Hernando Emergency Management	352-754-4083
Red Cross, Hernando County	352-799-3237
Oak Hill Hospital	352-596-6632
Brooksville Regional Hospital	352-796-5111
Sheriff's Office	352-754-6830
